Do you see caring for creation as an integral part of your faith, and core to the mission of the Church? Perhaps you do but meet others who are less convinced that caring for the earth is a key part of the Gospel and missional work. Join a discussion on these themes with Paul Kunert, author of ‘Jesus Died to Save the Planet’, plus stories from Eco Churches and others. We’ll explore how creation care is at the heart of mission and how a newly refreshed Eco Church survey helps put this into practice. Sign up via

This week we pray...

*your peace into our fragile world which is full of aggression, violence and suffering. We pray for people in all places of war and civil unrest in so many other areas of the world where innocent people are suffering. We especially pray for our world leaders, that they will strive for reconciliation and justice. As we approach the season of Lent may we all been drawn to acts of repentance and lamentation.

*for those ill at home, in hospital or hospice; those resident in care and nursing homes and for all who are bereaved.
